Low water in well

Public water faucet and bulk water delivery information on second page.

The Cumberland Region, along with many parts of Nova Scotia and the Maritimes, has experienced very little rainfall over the past two months. This has resulted in low water for many residents who get their water from wells.

The following provides information on public water faucets across the Cumberland Region where residents are able to fill drinkable water containers. Information on large water deliver service is also noted below.

Options

Water delivery service for potable water – Jim Baker – 902-694-0048
Website: <https://www.newconwater.ca/>

Water is also available at public faucet at the following locations:

Town of Amherst

Amherst Fire Department, South Albion St., Amherst.

Town of Oxford

Oxford Ball Field, Water St.

Municipality of Cumberland

- Nappan, at Harrisons Hardware on MacDonald Rd and Hwy 2.
- Maccan, at Trider Road and Highway 302.
- Parrsboro, at the old Town Hall building across from Irving, between the entrance ramp and the hall
