

**RFP-MCC-2211**  
**Design /Build Services – Springhill Outdoor Basketball Court Renovations**

**Addendum #1**

The following is a question and response for RFP-MCC-2211:

1. Does the entire fence need to be replaced, or can the common fence between the tennis courts and the basketball court stay in place.

Answer:

1. The common fence between the basketball court and the tennis courts can stay in place and the new fence for the basketball court will attach to the common fence. Therefore only three sides of the basketball court fence need to be replaced.
